Subject: Impose victim protection program. Investigate attempted-murder, RICO, Kids-for-Cash-NC, extortion, plundering and racketeering crimes in North Carolina. Prevent further damages to US National CBRNE Security

Dear U.S. Attorney General Bondi,
Dear FBI Director Patel,

I have survived 3 attempts to murder me and am again under the imminent risk of murdering by the organized criminal group. I am urging you to impose the victim protection program onto my family and me. In 2023 the FBI agent AJ Maurer helped to stop attempts to murder me. He showed that Cary police and Wake County sheriff serve to criminals and will not protect me. In fact, the criminals used them as a crime weapon in their hands to kill and seize my property. When I survived, they used Kids-for-Cash and RICO schemes to plunder \$400,000 from me. My youngest son Nicolas survived 2 attempts to murder him. The organized criminal group consists of 2 recidivist-murderers, illegal-alien Ms. Olena Kravets and Ms. Olga Petrova. They conspired with coyote lawyers Tanya Plekan, Belinda Sukeena, Elysia Prendergast, Jonathan Richardson, Daniel Krnchavek, corrupt traitor-judges Bell and Ratledge to commit horrible crimes, abusing the court and legal system of North Carolina as weapons for committing their attempted-murders, plundering, RICO, and Kids-for-Cash-NC crimes. I have overwhelming body of evidence about their crimes, including files accumulated by the Honorable FBI Agent AJ Maurer. I am in contact with 18 other victims of similar crimes in NC. We estimate that there are tens of thousands of similar victims in North Carolina. It is an industry of crimes similar to Kids-for-Cash in Pennsylvania. It took several years and several thousand kids sold to slavery, before the FBI investigated in Pennsylvania and before the traitor-judges Ciavarella and Conahan were imprisoned. Corrupt NC traitor-judges Ratledge, Bell, and other established similar **RULE OF CRIMES and similar industry of crimes** in North Carolina. Investigate and stop their industry of crimes without any delay.

There are ~34,000 judges in the US and most of them, ~70% or more, are judges of integrity. They are vitally interested in returning the rule of law to the US. Honorable Judge Ashleigh Dunston, Honorable Judge Vartan Davidian, Honorable Judge Louis Meyer, other NC judges belong to the cohort of Judges of Integrity. But they are truly independent. They uphold the law and do not cooperate with each other or corrupt judges and coyote-lawyers. Unlike, corrupt traitor-judges and coyote-lawyers, who serve to criminals, closely conspire with each other and criminals to destroy and intimidate their victims. On behalf of millions of North Carolinian parents and hundreds of millions of other US citizens I am urging you to investigate these crimes, horrible crimes committed by this organized criminal group.

Every human life is unique. The uniqueness of my life involves my unique professional skills and my unique experience in the area of chemical and biological (CBRNE) security. I was fortunate to be trained by 4 Nobel Prize winners and dozens of other brilliant scientists. I assembled a team of super-talented scientists and engineers and received \$4.3 M in US Government grants to contribute to prosperity and security of Americans. It took from us 25+ years of hard work to create our unique CBRNE security facility TIRF Labs to prevent pandemics and minimize the damages from existing diseases. It took only 2 days of recidivist-murderers' crimes to destroy our unique lab. I have described their crimes and provided links to additional documents at the web page of TIRF Labs website: <https://turf-labs.com/maga-maha/>

On January 23, 2025, you, Ms. Bondi during US Attorney General Nomination Hearing, stated that 2/3 of Americans lost their faith to judiciary and continue losing it. Indeed. It is terrible loss. You, Mr. Patel, the FBI Director outlined in your book "Government Gangsters" how deep and how rotten the swamp of Deep State is. Although you

have adequate insights about necessary reforms from the inside of the belly of the beast, your plans still are too optimistic. Remember, how many voters gave mandate to The President Trump in Washington DC? 10% or less! More than 90% support deep state swamp and rotate the flywheel of crimes!!! 90% shows that so many deep state actors serve to criminals, serve to anti-American purposes. Their overall number is too high to be relaxed.

Since January 2025 the flywheel of the industry of crimes committed several new criminal circles. More corrupt traitor-judges and more coyote-lawyers came to the surface and exposed themselves. On behalf of hundreds millions of Americans, I am urging you to take very aggressive intense actions to return the rule of law to American soil as soon as possible. We must see millions of imprisonments in the near future to avoid the civil war. We, The People, are urging you: In addition to reforms that you, Mr. Patel, described in your book "Government Gangsters", you must aggressively pursue the purpose to incarcerate MILLIONS of criminals from the Deep State swamp. Incarcerate the anti-American traitors, including the 60, whom you listed at the end of your book. President Trump should not hesitate to involve National Guard, military, and all reserves, if necessary. It appears absolutely necessary to return the rule of law to American soil. See below DOGE's and my estimates of the industry of crimes sizes.

In addition to your efforts, let us, The People of the USA, sue the criminals for compensatory and punitive damages in state and federal courts. Open the courts for everyday citizens. At the present time North Carolina state courts and federal USCNCED court are "closed clubs" that serve to criminals. There are formal and informal gatekeeping rules, tools and mechanisms that are designed to serve the criminals and to establish the rule of crimes in North Carolina. Please review carefully my civil class actions filed to the USCNCED and the Court of Appeals. See below and visit my webpage <https://tirf-labs.com/maga-maha/>. Please do NOT underestimate the power of grassroots movement. I am a scientist, a naturalized citizen who has achieved the American Dream. I have contributed much into prosperity and CBRNE security of American nation. Help me to involve honest patriotic lawyers who are interested in returning the rule of law.

Currently, the U.S. is in the **terminal phase of a cliodynamic cycle** as outlined at the webpage www.PeterTurchin.com. Back in history, terminal phases often resulted in violent riots and collapses of empires, including Greek, Roman, and Osman. Peaceful resolutions were rare, but possible. El Salvador demonstrated a recent example. President Bukele at the terminal phase of El Salvador cycle implemented large-scale imprisonment of gang members, totaling ~8% of its population. They attempted to assassinate him and his team members. But now, when El Salvador became one of the safest and prospering countries, even his former enemies beg his to take 3rd presidential term. Similar measures are necessary in the U.S. We, the People, gave President Trump a mandate to lead our nation out of this terminal phase— cleanse Augean Stables of the deep state swamp. The first step must be an aggressive reform of the U.S. judiciary, which translates into imprisonment of thousands of corrupt judges.

To prevent a national collapse and civil war, we strongly urge you to address the corruption within the U.S. judiciary at the first place. The court system is the primary tool for cleansing up the rest of the country, and we need its reform to occur swiftly. Like El Salvador's actions, we should see mass incarceration of insider-criminals, including corrupt traitor-judges and coyote-lawyers. I am writing to let you know personally that 80% or more of US citizens support your efforts. Do not reflex for opposition of the Deep State, even if it includes 220 Nobel Prize winners. They have been bought out by corrupt pharma. We are here to help you. It is estimated that ~9,000 American judges have committed felonies but remain on the bench, posing a direct threat to the integrity of U.S. legal system. They are driving to collapse of the USA and must be removed ASAP to prevent further damage to our nation. We call for the creation of a new U.S. agency tasked with overseeing judicial reform. This agency should be empowered to hire new personnel, remove corrupt actors from office, and, if necessary, involve the military in enforcing these changes.

DOGE estimated that the **flywheel of crimes** in the U.S. amounts **~\$5 Trillion USD out of \$30 Trillion US GDP**. These numbers translate into **~16 million** of U.S. domestic felons and illegal-aliens. There is an army of **~9,000** corrupt judges and **~380,000** coyote-lawyers, the army which serves to the industry of crimes. Despite the fact that 70-80% of judges and lawyers are honest (**~28,000 judges** and **~1,100,000 lawyers**, respectively), the small but dangerous minority of 9,000 corrupt traitor-judges and 380,000 coyote-lawyers pose an existential threat by conspiring with criminals. They are like a cancer tumor. Surgical removal of the tumor is urgently needed. We must act swiftly to cleanse the deep state swamp. It requires an army of Herculese and needs re-routing of several rivers to cleanse the Augean stables. We propose a nationwide effort to sue corrupt judges through civil class actions, seeking both compensatory and punitive damages for their crimes. Just open the doors of the closed-club of US judiciary. As the first step, we urge you to

advance two of our ongoing appeals in the Court of Appeals for the Fourth Circuit: appeals No. 25-1183 and No. 25-1711, against the notorious judge Merchan, NYC, and NC-state judges, including Ratledge. The Court of Appeals consolidated with the criminals and denied our appeals. We ask for your assistance to move our appeals to the U.S. Supreme Court. We ask you to involve top-notch lawyers of integrity to help us to sue the corrupt traitor-judges and coyote-lawyers.

Remarkably, U.S. fake-news-outlets are shy to report about the crimes committed by American judges. UK-based Reuters has highlighted that "**Thousands of U.S. judges who broke laws or oaths remain on the bench**" [www.reuters.com/investigates/special-report/usa-judges-misconduct]. Lack of judges' accountability underscores the urgent need to cleanse the judiciary. New mass media tools should be created to expose judicial corruption. The time has come; the army of Herculeases is ready. *We, The People*, can help Herculeases to flood the Augean stables with the river of our civil class actions against corrupt traitor-judges and coyote-lawyers for compensatory and punitive damages. The judicial community has become a closed-club, guarded by formal and informal gatekeepers. We urge you to remove these gatekeepers, open court doors to all Americans, and provide interpreters to translate the crooked language of corrupt judges into English.

To further highlight the need for action, look at the recent example set by HHS Secretary RFK Jr, who fired all 17 members of the CDC vaxxasination panel. All of them operated under the conflicts of interest, conspired with big pharma to commit mass-murdering of vaxxasination and cover crimes of other criminal actors. This courageous move made by RFK Jr. towards restoring trust in U.S. healthcare system is a model for the reforms that we desperately need in American judiciary. A similar step must be taken to dismantle USCNCED, cleanse NC state courts and build a new, transparent judicial system in its place. Move our law-makers to defund the criminal actors and their groups.

FBI Agent AJ Maurer, who is closely familiar with the situation in North Carolina, unambiguously stated that the federal USCNCED and the NC-state courts are NOT governed by the rule of law. USCNCED is totally corrupt; they are serving to criminals throwing the law into dirt. In 2018-2024 the FBI was too busy raiding Melania's boudoirs, covering Hunter's crimes, fabricating false RussiaGate accusations against President Trump. We urge you as our U.S. Attorney General and our FBI Director to fire corrupt FBI agents and DOJ officers, promote honest FBI agents and DOJ officers, recruit and train new FBI agents, maybe from the pool of ~1.1 million of honest lawyers. Honest FBI agents should focus on investigating the ~16 million criminals, including 9,000 corrupt traitor-judges and 380,000 coyote-lawyers.

As an independent scientist and expert in CBRNE security, I have dedicated my career to advancing the fields of science and technology. However, my work has been repeatedly damaged by corruption within judiciary. If illegal aliens and their gangs would not commit crimes against me, the COVID-19 infection would be localized and its spreading prevented. Recently, the illegal alien, recidivist-murderer Ms. Kravets, conspired with notorious traitor-judge Ratledge, and coyote-lawyers Plekan, Sukeena, and Richardson, to plunder \$400,000 from my post-marital assets. As the "side-effects of their crimes, the consequence is that they destroyed my unique CBRNE lab, TIRF Labs, ~\$60 Million of value. It took 25+ years to create the CBRNE facility and only 2 days of crimes to destroy. Their crimes of demolition of this unique CBRNE facility imposed the risks of death onto hundreds millions of Americans. Returning the rule of law is not just a matter of legal reform; it is a matter of national security.

We, The People urge you to immediately return the rule of law to American soil. We refuse to pay our taxpayers' dollars to anti-American traitors, who support corruption and threaten the security of our nation. A number of NC-state traitor-judges and the entire USCNCED federal court are far more dangerous to the U.S. than any mafia could ever be.
